What We Do

The Full Year Soccer Institute at JDB offers students who have a passion for soccer a holistic approach to development. We focus on all aspects of our student-athletes development: *Technical, Psychological, Physical and Social.*

Topics will include: Mastering the ball, skill development, games play, attacking/defending principles and goalkeeper training.

Students will train three times per week: (M, W, F) afternoons at Clareview turf during the fall/spring & at the Edmonton Soccer Dome during winter months. This will allow for year round training on turf.

Students will also participate in off-field sessions: Students will go through leadership lessons once a week in order to become well rounded members of our community as well as participate in two fitness sessions on Tuesday and Thursday.

Our program is suited to help the individual student reach their full potential in academics, athletics and leadership. This opportunity brings like-minded players together who share the same love for the beautiful game.

The Bruins Soccer Institute is a program of choice. There is a **\$750 tuition fee** required for uniform, transportation, equipment and facility rental. **Payment options and scholarships** are available and can be discussed further with the business office staff.

Institute Clothing Includes:

- Two Practice Jerseys
- Track Pants
- Rain Coat
- Hoodie
- Shorts & Socks
- Backpack Kit Bag

Transportation:

- Students travel by bus to the Edmonton Soccer Dome.
